Good Afternoon Jim,

Following up on an email you sent on February 3, you'd indicated you were sharing the Rehoboth Beach draft Comprehensive Development Plan with your Town Manager, Mayor & Town Commissioners, and Planning & Zoning Commission. I wanted to see if anyone from Dewey Beach had any additional comments on the draft? We've scheduled a public hearing with the Planning Commission for April 8 and I am working on compiling all comments and developing recommendations for how to address over the next few days.

Please let me know if I should expect any additional comments from Dewey Beach at this time.

Thank you so much for your consideration!
Lauren
