Street Tree Request Form

Please use this form to request that the City of Rehoboth Beach plant a street tree in the public right of way in front of your business or residence.

Upon receiving the request, the City Arborist will visit the location to ensure it is suitable. Trees will only be planted in locations that promote tree health, minimize hazards, and reduce sidewalk conflicts. If the site is appropriate, we will add it to our planting list for the next available planting season. All tree planting requests are subject to funding availability.

For more information, please contact the City Arborist at (302) 227-4504.
