Convention Center Marquee Sign Instructions

Our sign is **216x72** pixels on an 8x3' display board. The sign runs daily from 5AM to 11PM and will display other information besides your own, such as the time and temperature and other upcoming events. Your display card will run in rotation.

The board can display a logo as well as text in many combinations of foreground and background colors. We can also do multiple display cards in sequence for effects such as blinking text or animation.

If your graphics or marketing department can provide us with a 216x72 jpeg image we can display exactly what you provide. Otherwise we can extract information from your web site to create an image for you.

Web Site: _____

Display start time and date: _____

Display stop time and date: _____

Text only displays:

Foreground color of text: _____

Background color of text: _____

Please lay out the text exactly as you wish it to be displayed:
